# Griff Cleaning House; Cuts Two Slabmen Loose

Pitchers Stevens and Barron Are Handed Unconditional Releases.

#### PITCHER HOPPER ADDED

By WILLIAM PEET.

With the spring training season scarcemore than five weeks away. Clark Griffith has already started to clean house, and yesterday announced that he had released outright Pitchers Lefty Barron and Bill Stevens, who were with the Nationals for a short period last summer. The Old Fox does not propose to carry

with him a lot of timber he cannot use and got rid of Stevens and Barron for the eason that neither promised much for

Stevens played semi-pro ball in Hagers-town, Md., and Barron is the former West irginia University south-paw. Barron. was sold under the optional agreement to one of the Virginia League clubs late last immer, and as he did not set the league n fire was promptly shipped back.

That Jack Dunn is going right ahead with his plans for an International League club in Richmond, Va., contrary eports notwithstanding, is shown by the cement from Clark Griffith last ight to the effect that the Nationals wil to to Richmond for an exhibition game March 27, playing Dunn's team on that

This means that the Nationals will break camp on March 27, for the second team goes to Alexandria for a game on that day, and as there is a possibility that ing to Washington March 31, in time to meet the Georgetown College boys in the first of the spring exhibition contests here n the Capital.

The game in Richmond, Saturday, March 27, will be the first of Dunn's exhibition contests, and as this is the first year of the International League's invasion, a big crowd of fans will surely turn out. The contest on Monday has not been definitely arranged, but if the Nationals do not play on that date they will remain over Sunday and work out on the Richmond grounds.

Booth Hopper is the name of the pitcher the Nationals obtained from the St. Louis ardinals in exchange for Outfielder

to the hall of fame by pitching a nohit game for the New Haven club of the Eastern Association. He was a much-sought-for young man, and went to the St. Louis Cardinals via the draft route, as the purchase price demanded was a bit too steep for most managers. The Cardinals found that Hopper need-

ed experience, and shipped him to the St. Paul club of the American Association. Hopper reported late last year and the Gallaudet team, and perent judges proclaimed him as a firstoint is working for bead above water in the big swim.

Griff saw Joe Cantillion in New York Schmitt the showing of the games with George Hopper's ability. In fact, Cantillion has Klanberg. rington University and Navy, and he agreed to take Hopper off Griff's hands make a slight shift in the line-up in case the Old Fox does not want him.

Jerry Connell, manager of the New Haven club for the past three years, had meet the Mount St. Joseph quint in Bal-many temperary night, and will take "This fellow Hopper is bound to make the Navy suint Saturday afternoon at good in fast company," Connell stated. "He has good speed, a fine curve, and,

Mr. Nickerson's opinion of the Boston Braves is that of the logical mind of a baseball writer, and not as a club

secretary. The total secretary from him is worth something.

The official averages of the American Association show Henri Rondeau, the Woonsocket player, who was with Minneapolis last year and who is to have a trial with the Nationals this spring as having done some effective work with the bat last season. Rondeau played in 150 games, scores 75 runs and made 157 base hits. Of this number 37 were two-base hits, 5 were triples, and he also had a couple of circuit drives to his credit. Rondeau stole only 15 bases, and he sacrificed at the struckout 37 times.

Chicago Light-weight Slightly Better, but Dr. Flynn Will Not Let Him Fight.

### BEECHER IS SUBSTITUTED

New York, Jan. 3.-Charite White proved a refractory patient today. In his apartments in the Hotel Apthorp, on upper Broadway, he gave Mrs. White and a husky man nurse a great argu-ment that he should not be compelled to stay in bed. His temperature charts showed a range in fever from 165 degrees down to 166.4, but it took the combined oratory of his wife and nurse to enforce the order of two doctors against getting up,

White is bitterly disappointed by hav-

ing this illness when he still believes he has his greatest chance to win the lightweight championship of the world by a knockout. He refuses to talk of his ill-ness, and in a long argument this afternoon cited half a dozen cases where he had been attacked with chills in the middle of training, only to shake them off and go into the ring to make a hard fast fight.

Dr. Flynn, official physician of the Gar-

den Athletic Club, and Dr. Gerschen, White's personal physician, are fearful that Charlie's illness may develop into pneumonia, but are watching closely on the theory that it may be malaria instead that is holding him down. A laboratory blood test will be made tomorrow as an aid in diagnosing the complaint.

Will Leave New York.

White insists that he will leave New compartment on a twenty-hour train and getting back to his Chicago home. The doctors are skeptical as to the safety of such a course, but if Charife shows enough improvement by tomorrow to warrant a journey they will aid him to Columbus Alfred Pandleton and Without Columbus Alfred Pandleton and Col get ready to leave Wednesday, so that by noon Thursday he can be in his own "I feel all right," said Charlie, when

saw him in bed. "I don't think this fever signifies anything, and I have lots of chills like these I am having now. But the doctor from the Garden said he posi-tively could not allow me to fight there in this shape, so my earlier hopes for a postponement of not more than three or four days, or perhaps a week, seem likely to be unfilled. "It is pretty tough to be sick just now or I have honestly feit as if the world's

has promised me the match will be only ver again, but the Garden Athletic Club postponed, so as soon as I am fit I will be just as sure of winning that title that was until yesterday morning.

Nurse Throws Them Out. White wanted to talk more, but the nurse shooed the interviewer out of the room.
